

Thank you for partnering
with **Adoptsecure**
by **Petsecure**

To ensure that any claims made by adopters are processed quickly and efficiently, we do require that all animals have a full examination prior to adoption. Please note that in certain cases we will request the medical history to date for adopted pets.

For your convenience, we've created the following list that outlines what we require.

Check and include notes on the following:

- ✓ All Vital Systems
- ✓ Respiratory Rate
- ✓ Gastrointestinal
(any vomiting or diarrhea)
- ✓ Weight
- ✓ Eyes/ears
- ✓ Mouth
(fractured teeth/retained baby teeth)
- ✓ Heart Rate & Rhythm
- ✓ Skin
- ✓ Musculoskeletal
(knees, shoulders/hips)

We thank you for your efforts in this.

If there are any questions about the above information, please call us at **1-800-431-3132 ext 7309** or email benefits@petsecure.com.
